

J&D Manufacturing- Dairy Solutions Permanent Magnet Direct Drive Panel Fans

- Save time and money with no belts to change, pulleys to maintain and no lubrication required.
- Totally enclosed IP65 rated high efficiency motor.
- Internal motor drive provides soft starts. Allows for precise and uniform speed control.
- Increases efficiency when run at low speeds.
- Heavy-Duty X-Frame comprised of 10-gauge, G90 galvanized steel.
- Superior strength and rigidity of the frame minimizes vibration.
