

Direct Drive Fans (EC) Electrically Commutated

EC DIRECT DRIVE STIRFANS

- Optimized Air Circulation
- Durable and waterproof
- Easy Installation
- Stir fan has energy efficient EC Motor
- Improved livestock health
- Customizable Settings

DIA.	PART #	DESCRIPTION	COLOUR	HP/KW	VOLTS	FLA	PHASE
18"	E54-4215	CF18EC STIRFAN	WHITE	0.33	240	1.3	1

36"	E54-4136	CF36EC STIR FAN	WHITE	1.00	115/230	9.8/5.8	1

54" EC DIRECT DRIVE LOUVERED AIR BLASTER

- The product utilizes a cost-effective, variable speed ECM motor for precise environmental control, eliminating the need for an external VFD drive
- Built using corrosion resistant materials like fiberglass, HDPE plastic
- Louvered circulation fans are ideal for dairy barns, promoting cow comfort and productivity by reducing heat stress, moisture buildup, and odors. They improve air quality, help control pests, and keep bedding dry by maintaining steady airflow. Designed for energy efficiency, they offer strong ventilation while lowering costs, and their adjustable louvers let you target airflow where it's needed most.

54"	E54-4254-1	AIR BLASTER	WHITE	1.5	230	1
54"	E54-4254-3	AIR BLASTER	WHITE	1.5	230	3

Genius E.C. Fans

- ECM Motor results in best in class efficiency and performance
- Variable Speed uses a 0-10v signal eliminating the need for costly VFD's and giving you precise control of your environment
